

VIRTUAL ACCESS WHEN YOU NEED IT MOST

Need to reach a doctor, but don't want to go into the office right now?

Recent developments with the Coronavirus (COVID-19) are impacting the way we would typically do things. But, reaching a doctor doesn't have to change—even if you don't want to go into the office right now.

Through your New Jersey state health benefits, you and your covered dependents have access to an R-Health doctor's office. A key part of R-Health's model is 24/7 virtual access to a personal primary care physician at no additional cost and with no co-pays.

Have questions for a primary care physician about COVID-19? Need ongoing primary care? Have a chronic condition? Your R-Health personal physician can help.

The New Jersey State Health Benefits Program (SHBP) and School Employees' Health Benefits Program (SEHBP) offers employees and their covered dependents the opportunity to join an R-Health doctor's office at no additional cost. This is available as an added benefit of the Horizon plans and does not require any changes to your health insurance.
